## Professional Experience:

### **Mainline (2020 - now)**

*Front-end Developer*

Worked with Mainline's Design Team to create and implement a site-wide style guide for a more cohesive and consistent feel. Worked alongside their Product Team to improve and implement functionality for team registration and tournament match presentation.

**Tech used: Angular (9, 11)**

### **Citi (2018 - 2020)**

*A11y Front-end Developer*

Made citi.com a more user-friendly and accessible site for everyone.

From simply updating older, legacy pages to creating new internal, yet customer-facing apps, to optimizing page load times, I did my part to help bring this massive website up to date and mobile responsive.

**Tech used: Angular (4, 7, 9), aXe, NVDA, Karma**

### **EXIGO (2015 – 2016)**

*Junior Developer*

EXIGO gave me the opportunity to hit the ground running with programming. Though, mostly front-end maintenance work using jQuery and Twitter Bootstrap, I was also given the chance to work on new products and features for our customers in ASP.NET MVC and C#.

Some clients include: Purium, Alumier, and Hairstory

**Tech used: ASP.NET 4.5, MVC 5, jQuery, HTML/Razor, CSS/SCSS**

## Education:

### **EpicU (2015)**

C# and ASP.NET coding bootcamp

### **University of Texas Arlington (2012)**

Certification in ASP.NET
